

Week 10 Questions and Answers

Here are many of the questions raised but not answered during the live session.

Questions are in **BOLD**. Dr. Day's answers follow each question. Names are removed to protect privacy.

Q – Lillian, maybe I am naïve, but why would MailChimp try to shut you down? what is their agenda?

(From Lillian) At this point, I can't worry about their agenda. Mailchimp deactivated our account without an explanation or reason. Regardless, this was a great lesson for us, and we will make sure we protect this 12-week course so that others after us, can still grow in God's word.

Q – Can you give an example of how the procedure and the conversation might look like: The Illuminati approaches a business owner and asks for his/her allegiance to worship Satan and what will happen when business owner refuses. How can illuminati stop the business when the world loves the products?

The Illuminati won't "approach a specific business." They pass laws, get Executive orders passed, and have many other ways of controlling businesses. There are already thousands of businesses that have been closed down. THAT is the way they do it.

Q – How can you prove what you say is correct and what the translators say is incorrect on any given topic?

If you are willing to spend the time to study the way I study, you will be able to understand it. Over the last 10 2-hour sessions, I have explained how I study.

If you can prove me wrong on anything I say, I will be happy to take a look at your information.

Q – You said M. Obama is transgender. How could she have two children?

He/she did NOT have two children – or ANY children. Those children are “borrowed” from friends. I have the actual pictures of the parents, and the parents with the children, in my new book. The children look exactly like their parents – who are NOT the Obamas!

Q – Sometimes I find myself praying for the same things over and over again. I want to avoid repeating the same prayers morning and evening. How do we avoid that or what is the correct way of praying? What should we be praying for that is really important? How much time should be on our knees praying?

It will come easier the more you do it. When you talk to your parents or your children, you don’t repeat the same thing over and over. God is your heavenly Father. When you get to know Him by studying His Word, it becomes easier.

There is no specific “time” to be on your knees praying. Again, when you get to know the Lord, everything becomes easier.

Q – Dr Day, you mentioned checking out your website for speaking engagements. I don't see anything, but you mentioned being on another radio show this weekend. Any way I can find out?

When did I say to “Check out my website for speaking engagements? I quit accepting engagements to speak after 9/11, when traveling became very different. And I don’t have time to post the radio shows I do, so I’m not sure when I would ever say that.

Q – Dr Day, I am really confused about the mask mandate. You have said it is really just a hoax, and I don't understand how it can't be a barrier and a deterrent from getting covid. I know you say that it is a common cold virus but those that have comorbidities (sp) get very sick. I have 2 relatives on dialysis. My question: don't you think that masks are necessary?

Please read my many articles at this link (after you scroll down past the pictures): <https://www.goodnewsaboutgod.com/dr-day-updates.htm>

Q – Have you heard of the engineer Andrew Hoy? from his research he says the tabernacle was round. <https://project314.org/>

That's not what the Bible says. The Bible gives the exact dimensions of the tabernacle – right from God's mouth. I will accept God's Word long before I'll accept anything Andrew Hoy says!

Q – Dr Day: Do you think there is any truth to the Qanon movement?

I don't have any regard for any "movement" that won't identify itself. It's very probable that QAnon is "controlled opposition."

Q – How can you know, when you have reaped all the things that God didn't like?

How do you know when a movie is over?

Q – Dr Day, I heard that they can vaccinate you if you get a "covid" test, so you are already ARE getting the covid vaccine! Is this true?

There is some very good evidence that this IS true.

Q – Dr Day: How can we reap everything we have sown, for those that have a relationship with Jesus Christ, when we could sin or unconsciously sin right before we die?

You just leave that up to the Lord.

Q – Dr Day; you have stated in one of your articles that even in politics, it is all about the battle of Jesus Christ and the Adversary. I am trying to understand with the election and politics what is the role of this President, the Paula White, the Christian movement. My question really is ` Is this part of the Antichrist spirit?

I'm talking about the whole system. Don't try to figure out where each "individual" might come in. You have to look at the bigger picture. That's sort of like asking me where George Soros – or even your neighbor – fits into this. Keep your eyes on the BIG picture.

Q – If there will only be rivers, streams, and lakes in Heaven, where will the whales and other large sea animals be? Also where will the Loch Nessie's there too?

First of all, I was speaking about the New Earth – not Heaven. Who even knows if there are “oceans” in heaven? Only God. God will make lakes large enough to accommodate them.

Q – Dr Day; What do you think that means "destroy the earth with fire". Is there anything specific regarding the means? Earthquake? why would God do that? He never harmed anyone.

We discussed that in our previous seminars.

Q – Dr Day: I am listening to the story of Lot. You have said yourself that God would never burn anyone, If our neighbors did that, they would go to jail. Why would God punish Lot's wife for looking back at her children? This is so disturbing to me?

Where in the Bible does it say God “punished” Lot's wife? Please give me the text. The word “punish” isn't even in the Bible. It was written in by the translators.

Q – What do you think of the Dr. Gundry diet regarding lectins are harmful to us?

Is Dr. Gundry smarter than God? I just stick to God's diet.

Q – My mom and I went to Newport, California to support Trump. We left early because they were spraying. Do you think the Illuminati were trying to poison us because they hate us and what Trump is doing? ps; I meant they were spraying in the sky. We learned about spraying from you.

They were chem-trailing the skies LONG BEFORE Trump ever ran for President. They've been doing it in Orange County and Riverside county for at least 25 years.

Q – Dr. Day what is the truth about NESARA/GESARA?

That would take me several hours to answer. That information is on the internet.

Q – Dr. Day your husband is not a vegan like you do?

My husband was a vegan for all the 15 years we were married. He lost his memory when the doctors put him on blood thinners after his surgery for his broken hip (when I told them strongly, NOT to do it), and he almost bled to death. He was 85 at the time, and lost $\frac{3}{4}$ of his blood volume in 30 minutes. I was able to restore his health physically, but his mind was gone because of the rapid loss of oxygen to his brain from the blood loss.

Q – Dr Day: Talking about your late husband, I have wondered what that purpose was to have to care for him in such painful ways? Do you think God will reveal to you the purpose?

If it's God's will, He will. I'm not holding my breath. God has His reasons for everything.

Q – Dr Day; Do you ever have second doubts as to the interpretation of these end times?

No. I have been studying this for 50 years.

Q – Dr Day. Did you ever wonder what would happen in your life if you stayed healthy and never got cancer?

I have way too much to do to spend time on idle speculation.

Q – Dr. Day can you please share how you teach your granddaughters about the Bible?

I have been making a series of Bible studies for them, with multiple choice questions that are fun. They look forward to them. I have made 20 so far. When I have finished 52 of them, I'm going to put them together in a book, and my granddaughters (who are 9) will do the illustrations for the book.
