

## Week 8 Questions and Answers

Here are many of the questions raised but not answered during the live session.

Questions are in **BOLD**. Dr. Day's answers follow each question. Names are removed to protect privacy.

**Q – You said Cancer cells grow faster indoors. Do you recommend a Home Air Purifier? Which brand?**

The opposite of “indoors” is not a Home Air Purifier, made by ‘man.’ The opposite of “indoors” is OUTDOORS – made by God! If you will re–listen to the video, I said, “Cancerous tumors grow twice as fast if you’re breathing indoor air compared to breathing outdoor air.” I never had a home air purifier. I just spent as much time outdoors as was possible, at least an hour or more a day, depending on how hot or cold it was outside. And then I kept my windows open as much time as possible.

**Q – You said for good health don't eat flesh foods, how about Fish, Jesus fed people Fish**

Since this answer is longer than my usual answer, I have put it at the very end of the questions. Please check there.

**Q – Revelation 12 :17 Keep the commandments and have the testimony of Jesus. Does having the testimony of Jesus mean behaving like Jesus**

It means having Jesus living within you and making every decision in your life. As Paul said, “I am crucified with Christ, nevertheless I live. But not I, but Christ lives in me.” Galatians 2:20

**Q – Did you say Dr. Day that God said for man to eat flesh food to shorten their life? A parent wouldn't do that.**

God did not say to humanity, “Eat flesh food to shorten your life.” God said that humanity COULD eat flesh food if an individual wanted to. That was one way that humanity shortened their own life. The other things that happened with the flood ALSO helped shorten the life of human beings: a) decreased oxygen content in the air and b) extremes of temperature: hot summers and cold winters, both of which contributed to a shortened life expectancy.

But a person could not control the amount of oxygen in the air, nor the extreme heat or cold. BUT a person COULD control whether or not he or she ate flesh food. Even though most people know how contaminated meat, poultry and fish are today, that doesn't seem to bother very many people. They prefer to eat what they want, rather than be healthy.

**Q – You said the Illuminati have already picked who will win the election. Example, If they have picked candidate A and the voter overwhelmingly got cut off: voters pick candidate B how can candidate A win?**

Because virtually ALL the voting machines are made by Israeli companies and the vote can be changed by remote control. Also, this mail-in voting is ridiculous. Many votes are coming from people who have been dead a long time. And thousands of votes are being dumped in trash bins.

**Q – Where are all the people that have died? The ones that old testament, flood, etc. not accepted Jesus as Lord**

I'm not sure what you are asking. Whether or not a person has accepted Jesus as Lord, the dead people are ALL buried in the ground (unless they were cremated, and then maybe they're in an urn somewhere). NO ONE goes to heaven or hell when they die. They are dead until either the first or second resurrection.

**Q – What will happen if these dead dinos get out on social media and papers, what will the Illuminati do?**

The Jews own and control ALL the media. So, it will never “get out” through the media. It may be on social media, but that is only seen by one's friends, and the

Illuminati doesn't care about that. They just call that a "conspiracy theory" to discredit anyone who tells truth.

**Q – Dr Day, I have heard you talk about the fake moon shot. How did everyone at NASA etc. be fooled. I know of Scientists that were there.?**

How was ALL America fooled regarding who did 9/11? It was the Israeli Mossad and NOT the Arabs.

How was ALL America fooled about Sandy Hook? Almost everyone believes Adam Lanza (a photo-shopped non-person) actually shot about 32 children, some of them many times, in about 4 minutes.

How was ALL America fooled about the assassination of President Kennedy? The Warren Commission said Lee Harvey Oswald did it. That was a LIE. The Jews brought in assassins from Europe to do it. I have overwhelming evidence of that.

People LOVE to believe their government, because their government has replaced God in their life.

Are you aware that the flag the astronauts placed on the moon, is waving in the breeze? But there is NO atmosphere on the moon, so there is no wind. Are you aware that one of the large stones on the moon has a "C" on it with a circle around the "C" which means it's from Central Casting? Are you aware that there was NO crater under the space capsule when it landed on the moon? A crater would ALWAYS occur from the massive wind from the thrust under the capsule as it's landing. Are you aware that in the pictures of the moon landing, items in the picture are casting shadows in DIFFERENT directions? That can only happen if the "set" is lit by artificial lighting. On the moon, the only lighting would be the sun, and that would cause ALL the shadows to be cast in the SAME direction. I have pictures of all these things that will be in my next book.

**Q – I don't understand how Lucifer could have light and Jesus be the light of the world. Won't that confuse people, especially Christians?**

I didn't say that "Lucifer has light." I said the prefix "Luc" in the word "Lucifer" MEANS "light." My point was that Satan always has to copy things from Christ.

**Q – Lillian, if you have time, would you ask Dr Day if she knows whether President Trump really had Covid? I know Dr. Day has "inside information" and I know it's not on task, but if you could ask her. thank you**

EVERYONE has Covid. It's the Cold virus. The PCR test that they are using to "detect" Covid is a sham. The only thing the PCR test does is multiply something that's tiny into something that is Big. If you have just TWO molecules of Covid in your nose – an amount that is so small it couldn't harm ANYONE, the PCR test multiples those TWO molecules into TWO MILLION molecules, and then they can say, "YOU HAVE COVID!" It's a total SCAM!

**Q – Can males eat tofu?**

I don't understand your question. "CAN" males eat tofu? You are asking if males are CAPABLE of eating tofu. You already know the answer to that question. Or are you asking if tofu is healthy to eat? What are you asking?

**Q – Are you saying that the whole Catholic religion is aware of the one world order even priest of every church.**

No. I didn't say that. The average Catholic has no understanding of the New World Order or of the coming One World Religion. Neither does the average American, nor does the average person in most other countries. They believe the propaganda on TV.

**Q – All media is owned by those who call themselves Jews and are not.**

That verse doesn't apply to Jews. The proper translation of that text is, "those who call themselves JUDEANS (Christians – who worshiped the one true God in the temple in Jerusalem in JUDEA) – and are not?" (because they have fallen so far into pagan apostasy. The word "Jew" is NOT in the Bible in the original Scriptures in Hebrew or Greek.

**Q – The figurines that are sold in the catholic churches, rosaries, crosses, Blessed Mary, blessing cards of satan or God?**

The Bible says, "Don't worship idols" (Ex 20:3) and "Don't use vain repetitions" (Matt 6:7) (as in prayer with a rosary). Jesus was not crucified on a cross. The "cross" is a symbol of the pagan god, Tammuz. (Ezekiel 8:14)

**Q – The ppl that are not written in the book of life be saved?**

Once they have reaped what they have sown and recognize their need for Jesus Christ to run their life – their name WILL be written in the Book of Life.

**Q – Washington DC is part of the 10 countries in the end, but America isn't part of the org. 10, right?**

Please listen again. You are mixing up two different subjects. Washington D.C. is part of the THREE CITIES that run the world (I spoke of this as The Empire of the City). The Ten Kingdoms are the areas of the world formed by the New World Order – as seen on the map that I gave you in one of the handouts.

**Q – Can you give an example of how the Illuminati can run the American government OR President. Do they call him over the phone and say do this?**

The Rothschilds give their directions to the CFR, the Council on Foreign Relations that is just down the street from the white house. The head of the CFR meets with the president very regularly and conveys the information.

**Q – If Yes what if the President goes on TV and exposes them**

Then the President will be in the same condition as President Kennedy was when he refused to do the bidding of the Rothschilds – – – DEAD!

**Q – Dr Day, If there are other radio shows you are on. would you let us know?**

I am rarely on mainstream radio. Most of the radio networks are now owned by the Jews. Usually I am on alternative news programs that are on video on alternative video channels on the internet (instead of YouTube that often takes down, within 20 minutes of it being posted, any interview I do.) It would be hard to notify people for all of these. A few of them are posted on my website at [www.goodnewsaboutgod.com](http://www.goodnewsaboutgod.com) on the home page under “Dr. Lorraine Day’s Updates.”

**Q – How come the soldiers don’t say anything about the poppy seeds?**

They want to remain alive.

**Q – Dr Day, you mentioned the Lake of Fire in relation to purification. Are there any texts that describes if we will experience physical pain?**

We will discuss that in Revelation 20 on October 26.

**Q – Just like the Wicked Satan tried to overcome God. Why couldn't a Wicked World Leader decide they will no longer follow the Illuminati and send in their Army and arrest the entire Illuminati compound in London and wouldn't that stop the Illuminati?**

This is the war between Christ and Satan. The Illuminati Jews are Satan's agents. The number of their agents is vast, in the tens of thousands or hundreds of thousands, maybe even millions. They hold positions in every major area of government and every other part of society. No one is strong enough to conquer them except Christ.

**Q – Dr Day. what do you say to people that have conquered cancer diagnosis without doing the 10 laws of health? I have friends that are cancer-free for 15 years?**

They have NOT “conquered cancer.” They have just been given so much POISON (in the form of chemo or radiation), that temporarily their body can't produce cancer cells (at least in the same place they already had it.) But they have done SO MUCH DAMAGE to their immune system that they are just WAITING for their body either to produce another cancer somewhere else in their body, OR they are waiting to develop a DIFFERENT life-threatening disease. They may not have active cancer right now, but their body has been severely DAMAGED, and they are never again truly “well.” I show this with first-rate medical articles in my book, “Getting Started on Getting Well.”

**Q – do pets go to Heaven?**

NOBODY goes to heaven when they die: not people and not pets. But if you are asking me whether our pets will be in heaven and the New Earth for eternity, the Bible doesn't say. But if you want my OPINION (again, the Bible does NOT tell us), I think that probably our pets will be with us for eternity, because that is the way God is.

**Q – Dr Day, do you think as a parent you would want your kids to be exposed to evil? I don't think I would.**

I don't understand the point of your question.

**Q – What is the study bible that we should get. There are so many Interlinear ones available. I want to get one for study. Please advise? Thank you**

Bibles that are called “Study Bibles” usually have some notes (explanations) in them, telling you what to believe about each text. You should NOT get one of those. I don’t know what you mean when you say there are “so many Interlinear ones available.” I have said, and Lillian said (at this meeting) that the one to get is by Jay Green.

**Q – How are we going to know that we have or not the mark of the beast? Is it possible that we have it and not knowing it? I understand that many will choose it (front head) knowing that they actually choose the enemy, but if you have a job (for example) will it necessarily mean you have chosen the mark (on the hand?). Perhaps, at this point people will need to accept the vaccine to be able to keep their job? What happens to the children whose parents will decide for them (about vaccine), or the old people who can't say no because they are in nursing homes? Thank you very much!!**

If you are not reading your Bible daily, keeping the Saturday, Sabbath, holy, paying your tithe, praying on your knees morning and night, living, thinking, acting, eating, and handling stress God’s way, and searching for the Lord with ALL your heart, you will end up compromising with the enemy. If you accept the vaccine just to keep your job, or just to be able to buy food, you have “taken the mark of the beast” – you have become like the “beast power.”

**Q – How do we prepare our children for the coming communism?**

Do all the things I said in my answer to the previous question and teach your children how to do them too.

**Q – How many are in the Illuminati. How big is it?**

The Illuminati contains 13 families, but there are many Illuminati-controlled organizations: Go to my website at [www.goodnewsaboutgod.com](http://www.goodnewsaboutgod.com) and scroll down on the home page, and you will see many of them there, and an explanation of who they are and what they do.

**Q – How can we figure out the Greek – Hebrew Interlinear Bible. It is hard enough to understand the KJB and that's in English.**

The Interlinear Bible has the English words under each Greek and Hebrew word. That's why it is so helpful and informative. No one has to know Greek and Hebrew to use it.

**Q – Dr Day, I am confused. Is a vegetarian diet ok? Vegetarian diets do include eggs, etc, just no meat. So, when you say vegan/vegetarian I don't understand?**

A vegetarian is defined as someone who doesn't eat meat, poultry or fish, but DOES eat eggs and dairy products. A vegan (or vegan-vegetarian) doesn't eat ANY animal products at all.

**Q – Dr Day, since we all have to reap what we sow do you think we will one day have to look in the eyes of all the animals we have eaten in this life?**

A person shouldn't worry nearly as much about the animals he or she has eaten as about the human beings he or she has sinned against, AND how much he or she has sinned against God!

**Q – The Illuminati must know what is gonna make them live, because they live so long. I heard they spotted some people such as princess Diana etc. Do you have any idea what they eat? veggies, fruit....?**

They don't ALL "live long." I know of many of them who have died a premature death. And there are many things, in addition to one's diet, that contribute to either a long or a short life. That information is all in my books and DVDs on my website at [www.drday.com](http://www.drday.com)

**Q – Cows have 3 stomachs to be able to eat grass.**

Cows have ONE Stomach with 4 compartments. The reason there are 4 compartments is that cows don't chew their food completely the first time. Human beings DO (at least if they are mindful of their health). The 4 compartments in their stomach have nothing to do with whether or not one needs to eat dead animals to get their Vit B 12.

**Q – What should we feed pets? Like cats or ferrets. It is so sad to watch them get so sick. They are getting sick just like us.**

One reason they are getting sick is that they are being vaccinated (a MAJOR cause of illness in human beings, including children, as well as pets). ALL

animals were created as vegetarians. Also, many of the pet foods contain ground-up dead animals from the animal pound and roadkill.

**Q – Dr Day, listening to your conversation about the breath of God. How can energy stop as in a lightbulb turning off? Law of physics says it takes on another form.**

What “form of energy” does the light from a lightbulb “take on” after you turn the lamp off?

**Q – Algae Omega by Nordic Naturals is a vegan product**

The Very Best Source of Omega 3’s is Flax Seed Oil, and it is Vegan.

**Q – Dr Day, do you think the shroud of Turin is authentic?**

No.

**Q – Dr Day you are saying that Democrats as a party is evil?**

The Jews control BOTH parties: Democrats and Republicans. The majority of funding for BOTH parties comes from AIPAC: American-Israeli Political Action Committee.

**Q – Dr Day, I am confused about the issue of Covid. I understand that the virus may not be lethal but those that have underlying issues, would still be alive if they didn't get the virus. So how is that a hoax?**

Prove to me – with medical evidence – what you just wrote.

**Q – Dr. Day, Is Dr Redfield on Trumps watch a crisis actor?**

Crisis actors are people who work for a company and are paid, for a particular event, to pretend they are injured. Dr. Redfield is the Director of the CDC, and rarely, if ever, tells the truth. But he is not a Crisis Actor.

**Q – Dr Day, do you think the 2017 Las Vegas massacre may have been a satanic slaughter of Christians to celebrate the 100-year anniversary of the Bolshevik revolution in Russia?**

From what I know of that Festival, it was not particularly for Christians.

**Q – What decides whether we are saved in the second coming vs at the time of judgement?**

Whether or not you are completely one with God at the time of the FIRST Resurrection, at the Second coming of Christ (BEFORE the millennium). If you are not, you will be resurrected in the Second Resurrection at the time of the Great White Throne Judgment (AFTER the Millennium) to reap what you have sown at that time.

**Q – Dr Day the example of a man killing children and just asking for forgiveness isn't the same thing as saying we have been changed? Faith without works as you say is nothing, but isn't a changed person someone who has had fire in their life to sanctify in this life?**

I'm sorry. I don't understand your question. Can you clarify, please.

#### **4. Jesus Ate Fish and Lamb, So Why Shouldn't We?**

Jesus ate fish, and He also ate lamb at the Passover. If He ate meat (flesh food) – why shouldn't we?

We must go back to the beginning. God's original, **ideal** diet given to Adam and Eve before sin was fruits and grains, in their natural form (Gen 1.29).

After sin, God added vegetables as well to His **Ideal Diet** for mankind (Gen 3:18).

It was only after the flood that God allowed humanity to eat flesh food, but even then, man was forbidden to eat the blood or the fat. (How many Christians obey **that** directive of God? Flesh food eaters agree that without the blood or fat it tastes like shoe leather!)

“It shall be a perpetual statute for your generations throughout all your dwellings, **that you eat neither fat nor blood.**” Leviticus 3:17

Yet, many hundreds of years **after** the flood, when God brought the Israelites out of Egypt, **before** He gave them the Ten Commandments (in Exodus, Chapter 20), He cleared the minds and bodies of the Israelites so they could **understand** the Ten Commandments. He gave them a **totally vegan diet** – – **MANNA!** (In Exodus, Chapter 16 – four Chapters earlier.)

And what was the Israelites' response? Total ingratitude! Speaking of the Manna they said, "We **loathe** this light bread!" and they pleaded for the fleshpots of Egypt.

So, God gave them exactly what they wanted – – all the quail they lusted after. And thousands died! Many died with the flesh still between their teeth. And not one of those who lusted after flesh food entered into the Promised Land. **They ALL died in the wilderness!**

**This is a perfect example of "God's wrath!" Giving us what we want – what we desperately whine and complain for, and then letting us reap what we have sown.**

God's IDEAL diet is a totally vegan vegetarian diet.

This is the diet God gave Adam and Eve in the Garden of Eden.

He confirmed it when He gave it (manna – a vegan diet) to the Israelites when he brought them out of Egypt through the wilderness into the Promised Land.

And God tells us that a vegan vegetarian diet will be the only one available in heaven and the New Earth (because nothing will die). Even the animals will be vegan vegetarians.

"And the cow and the bear shall graze: their young ones shall lie down together: and the lion shall eat straw like the ox." Isaiah 11:7

Some incorrectly believe that the saved will not be eating anything in heaven or in the New Earth. But that is not biblical! We have already seen that the animals will eat straw. And in Revelation 22:2, we learn of the "tree of life that bears twelve manner of fruits and yields her fruit every month."

After Jesus was resurrected, He was in His “resurrection body” and He ate food. Luke 24:40–43. Notice that when Jesus was resurrected, He was not a “spirit.” He could be seen and felt, and he ate food. He referred to His body as “flesh and bone.”

So, if Jesus ate flesh food, why can't we?

Jesus came to change hearts. When we truly love Jesus, we will want to follow the IDEAL diet He gave mankind in the Garden of Eden, in the Wilderness during the Exodus of the Israelites from Egypt, and the diet He has designated for heaven and the New Earth for eternity.

Jesus was against slavery:

When Jesus was on earth, He was against slavery, but He never organized a march to “Free the slaves.” He even told slaves to work hard for their masters.

Jesus was against licentious behavior:

Jesus was against fornication and adultery, but he told the adulterous woman thrown down in front of Him by the Pharisees, “Neither do I condemn you. But go and sin no more.”

Jesus was against divorce:

When the Pharisees asked Jesus if it was acceptable to divorce one's wife, after all, Moses said it was, Jesus responded by saying, “Moses said you could divorce your wife because you are a stiff-necked, hard-hearted people. But it was not like that in the beginning. It was to be one husband and one wife, for their whole life.”

The answer is this:

When Jesus came to earth, He met the people where they were, but He did not leave them there. He came to change hearts, to turn the heart of mankind back to Him. Once that happens, **then all else will follow**. When we truly love Jesus Christ, we will **want** to follow His precepts.

## Eating Flesh Food Lowers Life Expectancy

After the flood, when the eating of flesh food was allowed (**not** commanded – but allowed) by God, the life expectancy dropped dramatically – from Methuselah at 969 years (Methuselah died the year the flood came) – to a life expectancy of 400 years within 4 or 5 generations after the flood. By the time of King David, the life expectancy had dropped to around 70 or 80 years – only TEN PERCENT of the original life expectancy!

Of course, the flood changed other things as well; the water canopy surrounding the earth was destroyed leading to extreme seasonal changes in temperature, and the oxygen content was lower. Both of these things contributed to the decrease in life expectancy. But the eating of flesh food was a major factor, as well.

Even as recently as 2001, studies show that vegetarians live approximately 10 years longer than meat eaters. (See Archives of Internal Medicine 2001:161:1645–1652)

Why would God allow the human race to eat something that would be harmful?

Remember, God's wrath (Romans 1:18, 24, 26, 28) is giving us over to "our own desires" to reap what we have sown.

It took only 1400 years, from Creation to the Flood, for wickedness to "fill the earth." During that time, men often lived to be over 900 years old. With that lifespan, a person could become very wise – or desperately evil.

God promised never again to destroy the earth by water. But Jesus tells us (Matthew 24:37–39) that before He comes again, the earth will become as wicked as it was "in the days of Noah" and eventually the earth will be destroyed by fire (2 Peter 3:10). It appears we are now entering that general era of "End-Times."

But it has taken over 4,000 years to "achieve" the same level of wickedness that was attained in only 1,400 years before the flood. Why has it taken so long?

The most likely answer is the difference in life expectancy. Man, if he is so inclined, can become much more wicked in 900+ years than he can in 70 years. And because God has an appointed time for everything: for Creation, for the Flood, for His Appearing on earth as a man 2,000 years ago, AND for His Second Coming, the earth had to last an additional 4,000+ years so wickedness had to be restrained to some extent.

How could that be accomplished? By shortening the lifespan!

But notice that God **did not command** mankind to eat flesh food. He left it up to the individual. If carnal man lusted after flesh food, he would significantly shorten his life span. He would reap the consequences of his own decision. He would reap what he had sown.

But a diligent student of the Bible can easily discern from the diet given by God a) in Eden, b) to the Israelites in the wilderness (which represented God delivering each of us from sin – Egypt – and taking us to the “Promised Land), and c) in heaven and the New Earth, that God’s IDEAL diet is a vegan vegetarian diet!

**In ALL three instances, God designates a vegan vegetarian diet!**

The Israelites in the wilderness were griping and complaining about having nothing to eat but manna, God’s miraculous “bread from heaven,” the perfect food that represented the coming Jesus Christ, instead they wanted the flesh pots of Egypt.

And the mixed multitude that was among them **yielded to the intense craving and the children of Israel also wept again, and said, “Who shall give us flesh to eat?”**

We remember the fish which we did eat in Egypt freely; . . . and now our whole being is dried up; **there is nothing at all beside this manna**, before our eyes.

**And Moses heard the people weep** throughout their families, every man in the door of his tent: and the anger of the Lord was aroused greatly. . .

And the Lord said unto Moses, “Say unto the people, ‘Sanctify yourselves again tomorrow, **and you shall eat flesh: for you have wept in the ears of the Lord, saying, “Who shall give us flesh to eat? For it was well with us in Egypt;”** therefore the Lord will give you flesh, and you shall eat.

You shall not eat one day, nor two days, nor five days, neither ten days, nor twenty days;

**But even a whole month, until it comes out your nostrils, and it becomes loathsome to you; because you have despised the Lord that is among you and have wept before Him, saying ‘Why came we forth out of Egypt?’** (Numbers 11:4–6, 10, 18–20)

So, God “gave them what they wanted”, flesh food – quail, for a whole month – until it came “out of their nostrils!” And thousands died “**while the flesh was still between their teeth!**”

And there went forth a wind from the Lord, and brought quails from the sea, and let them fall by the camp, as it were a day’s journey on this side, and as it were a day’s journey on the other side, round about the camp, and as it were two cubits high upon the face of the earth.

And the people stood up all that day, and all that night, and all the next day, and they gathered the quails: he that gathered least gathered ten homers: and they spread them all abroad for themselves round about the camp.

**And while the flesh was still between their teeth, before it was chewed, the wrath of the Lord was kindled against the people, and the Lord smote the people with a great plague.**

And He called the name of that place Kibrothhattaavah (literally – Graves of Craving): **because there they buried the people that lusted (yielded to craving).** Numbers 11:31–34

And **not one** of those Israelites who lusted after the flesh food entered the Promised Land. They **ALL** eventually died in the wilderness.

How prophetic it is for those longing to go to the “Promised Land” of heaven. Everyone must get rid of his appetite for meat, poultry and fish – while here on earth! God is not going to wave a magic wand when you die in order to remove your desire for flesh food. **That is a habit you will have to develop during your life on earth.**

All Flesh Food is Filthy Today

Flesh food, including fish, was clean 2,000 years ago, compared to today.

Can you imagine the following being stated about the fish in Jesus’ time?

“The FDA has issued warnings to pregnant women, nursing women and children, to limit their intake of fish. They are warned not to eat ANY fish of these four types: swordfish, king mackerel, tilefish and shark, because they could contain enough mercury to damage an unborn baby’s developing brain.”

Tuna is also a problem because of its mercury content.

Generally, the bigger the fish, the more contaminated they are because the little fish eat (contaminated) algae, the larger fish eat the little fish, and the biggest fish eat the moderate size fish. The fish, like other animals, concentrate the metals, pesticides, and other contaminants in their muscle, therefore, a fish can be **a thousand times more contaminated than the water from which it is taken.**

Farmed fish are also dangerous. Salmon raised on “farms” can contain up to 10 times more pesticides and chemicals than are usually found in wild salmon. Toxins discovered in farmed fish include PCB’s that can attack the nervous system causing learning disabilities in children and suppression of the immune system in all ages.

The problem is thought to lie in the food fed to salmon which is made from fish trawled from the ocean and concentrated into pellets, multiplying the toxins in ocean fish into more significant, concentrated doses. The oceans and rivers are grossly contaminated from the dumping of industrial waste and human sewage. The human sewage contains huge amounts of prescription drugs that are causing disease and death in the fish.

None of these problems existed in the fish from the Sea of Galilee when Jesus was on earth.

Sheep have a disease called Scrapie, which is “Mad sheep disease,” because they are being fed pellets formed from ground up animals who died from disease. Sheep and cows are vegetarians. When they are fed meat – ground-up animals – they become sick! Vegetarian animals get sick when they eat flesh food!

The sheep in the time of Jesus were grazing in the field. Sheep, NOW, are factory farmed, mass-produced in close quarters in barns, fed huge amounts of hormones to make them grow abnormally fast, antibiotics, because they’re all sick, and ground-up dead animals, even though sheep are created by God to be vegetarians.

This is why they are sick with Scrapie, a fatal disease that can be transmitted to other animals and to human beings.

Then the diseased, dead sheep are ground up and fed to cattle – – – giving them Mad Cow Disease!

Chickens are no better. Here is a quote from a newspaper, the **Atlanta Constitution**, on 5/26/91, given by a **USDA Chicken Inspector**:

“Every week millions of chickens leaking yellow pus, stained by green feces, contaminated by harmful bacteria, or marred by lung and heart infections, cancerous tumors or skin conditions are shipped for sale to consumers, instead of being condemned or destroyed.”

If a reasonable person cannot understand the difference between the condition of fish and meat in Christ’s time, compared to the condition of fish and meat today, – – – – – they need our fervent prayers!
