

Week 10 Questions and Answers

In keeping with what Lillian covered at the beginning of the Week 10 session, we asked Dr. Day to only address questions that are directly related to the material covered. Here are those questions raised but not answered during the live session.

Questions are in **BOLD**. Dr. Day's answers follow each question. Names are removed to protect privacy.

Q – Can you please take quality time to cover two topics. The illuminati is a very small number in a very small location in London, if they have stolen 192 of 195 countries money and are planning to kill 6 billion it would be impossible that not one country and not one world leader would even try to arrest them. Secondly if there was Zero Covid and Zero symptoms it would be impossible for all these deaths and all these people on ventilators especially very young people. We are intelligent people you are teaching. Details please.

All of that is in my new book: The Deliberate Destruction of America and the World. It would take far too long to repeat it here. The real problem is that people believe they can't be deceived. But Satan has been a deceiver for at least 6,000 years – and he's very good at it. Take special note (in my book) of the interview with Harold Rosenthal, and what he said almost 50 years ago about Gentiles thinking they can't be deceived!

Q – Dr Day, I am confused on your statement. You say that God will give us what we want", in spite of whether it is good for us or not. But as a parent, I

would not give my child something she wants, just because she desires it. Why would God let us have what we want if it is not good?

To learn that it is not good for us. You say you would not give your child what she wants if it is not good for her. But when the child grows up, often he or she will go after exactly what they were denied while growing up. THEN they find out it's not good for them. You can't keep your adult children from doing what they want to do.

Q – So Dr. Day, we cannot even drink kombucha?

God created everything fresh. He did not create anything fermented.

Q – Dr Day, With veganism. where do you get the B12 and DHA?

The answer is in my book, “Getting Started on Getting Well.” According to our records, you bought that book over 10 years ago. Have you not read it?

Q – God commanded in Exodus 20:4: “You shall not make for yourself any carved image or any likeness of anything that is in heaven above, or that is in the earth beneath.” Yet in Exodus 25:18 Moses is instructed by God to “make two cherubim of gold; of hammered work” (v. 18). If making images of any heavenly object is wrong, then why did God command Moses to make some on the ark of the covenant?

GOD – Himself – is instructing how HIS ark should be made to represent HIM.

God is God! We are NOT!

WE are NOT to make images that we believe represent Him.

Q – Asking also because I myself painted a couple of paintings of the Virgin Mary. I do not worship an image, but is it a bad idea to paint it, carve, have it around?

You have no idea what the Virgin Mary looked like. For what specific reason would you paint pictures of someone when you have no idea what they looked like?

Q – But when they sacrificed the lambs, rams, and bulls, for the tabernacle they sacrificed them in a special way so that they did not feel it. Correct?

The method of killing they used is said to caused very little, if any, pain. However, since animals can't talk, and since none of them live to tell the tale even if they could talk – I don't know if that is true.

Q – Dr Day it makes sense what you say about people creating their cancer and how eating vegan is best, but when I look at what I experience it's the more healthy kind people I've met with cancer and truly mean hateful meat eating people live a long life without cancer. This doesn't make sense. How can this be?

This is all supposition. You are talking about what you “experience” but you have no factual evidence to back up your supposition. Isn't that correct? I always like to deal with facts – and not “experience” or “supposition” or “feelings.”

Q – Why did God only give Miriam leprosy when Aaron also rebelled?

I would imagine that Miriam was probably the primary instigator of the rebellion. And only God would know the heart of both Miriam and Aaron. So, God must have had His reasons, since He is always Fair.

Q – Dr. Day, are you familiar with the "Carnivor Diet" by Dr. Paul Saladino? He is emphasizing the organ meat, not pure flesh (kidney, liver, testicles etc.) as organs heal organs and give collagen so hard to find elsewhere. He and a couple of others are talking about problematic oxalites and leptins present in most veggies and fruits, causing kidney stones and even the growth of tumors. What is your opinion?

Also—what about those leaf veggies and fruits being super polluted (even if organic) in current world?

The answers are all in my health materials on my website at www.drday.com

Could you tell me how many human bodies Dr. Saladino has created? You can either follow the ideas of Dr. Saladino, or you can follow the facts that God, our creator, gives us. Take your pick!

Q – Yes, pets can live being vegan. My cat lived 18 years, and we would mix seaweed with a bit of meat. He also tore apart bananas and avocados after we left the house!

All animals were created vegan. Why would anyone doubt they could live and be healthy eating the diet that was given by the God who created them?

Q – Doesn't meat raise cholesterol levels, cause blockage, and cloud up the blood?

If you want to lower your cholesterol, STOP EATING IT! Cholesterol is found ONLY in flesh food. There is NO Cholesterol in fruits, grains, and vegetables.

Q – Dr. Day is pride sin to God for not believing the truth?

Pride is a sin to God – and not believing the truth is a sin to God. I'm not sure how you are putting the two together.

Q – The whole cholesterol is another myth. We need cholesterol for brain. The biggest monies made are on cholesterol drugs.

The subject of cholesterol is NOT a "myth." It DOES cause arteriosclerosis. Yes, the body DOES need a small amount of cholesterol – but that amount can be made by the body, ITSELF – without eating ANY flesh food. The body does NOT need any additional cholesterol from eating the carcasses of dead animals.

Q – But there is this movement of people towards ORGAN MEAT — so not steak, but livers, kidneys etc. I'm from Poland, we eat livers a lot for blood building...

THAT diet CAUSES disease and death! It is the OPPOSITE of what God wants us to eat. Why would you promote it when it is anti-God, and therefore Anti-Christ?

Q – I'm suffering severe pain from the cancer in the bones and severe nausea and vomiting. How can I get through this without taking medications to ease the suffering? I don't want to take anything, and I've have suffered greatly so far, but it's gotten to an unbearable point where I'm completely immobilized and living a cruel existence. I've done my best to follow God's plan but it's obviously not good enough for God. Do you think there is no place for pain medication in advanced disease to ease the suffering if that person has been unable to reach the heights to please God enough to be healed? I feel for all people who have suffered like this.

You and I have discussed this issue many times. The way to get rid of your pain is to get well. I, too, suffered immense pain for many, many months, until I learned to trust God and follow HIS ways, and not my own.

Q – Dr Day: Regarding the vaccine, you have said before that you are responsible for things we should know or have the ability to know. You were given knowledge when you were dying.

I was given knowledge because I made the decision to trust God and not doctors

Q – Don't you think those that didn't have the ability to know, will be spared on the vaccine dangers.

No.

Q – MSM is so seductive, not sure there are many places to seek truth on the vaccines... Would not God honor those if they don't know about this vaccine?

Everyone has the ability to know the truth. God doesn't give anyone a free pass.

Q – Why and when did God stop speaking with man, is it in the Bible?

God speaks to everyone all the time, through impressions on the person's mind. It's just that most human beings are not "tuned in" to God, and don't even hear His "still, small voice" because they are too distracted by the "things of this world."

Q – Dr Day, you are right that we may be separated from our family on our views of the vaccine. I have told those that took the vaccine to ask forgiveness for not knowing and start studying the 10 health laws and apply them. I have given them your DVD. Would that protect those from the consequences of the "kill shot" as you say.

If a person gets drunk and walks out in front of a truck and suffers an amputation of his leg from the accident, if he asks for forgiveness – does God give him his leg back (in this life)?

You know the answer. The answer is "No."

Q – What about the children in the DUMBs (Deep Underground Military Bases) where many of these kids are bred and kept there never seeing the light of day their entire lives and being constantly abused. How would they ever know God when all they know is evil and abuse? I am not trying to be combative, I am just trying to understand how would they know God and also, why does God allow these poor children to suffer so much?

Can God restore those children – and make them all new? (Rev 21:5 “Behold, I make ALL new.”) How many billions of years into blissful eternity will they actually continue to concentrate on these few short years on earth?

Q – So, if the earth swallowed Korah and his family, where did they go?

Where the Bible says they went: they were buried in the big hole in the earth.

Q – Psalms 44–49 are of the sons of Korah. Is this the same Korah? If so, why since he was rebellious and swallowed up by the earth?

Remember what Lillian said. If you want me to comment on a Bible passage, you must include the whole passage – not just the text. I am spending a lot of time answering questions. Why would you make it MY job to spend the time looking up the Bible passage on which YOU want me to comment?

Q – This may be a strange question: If we are made out of God's breath, does God inhale us into Himself when we die?

I have never said, nor have I ever heard anyone else say, that we are “made out of God’s breath.” Where did you come up with that? The Bible says God made Adam’s body out of the SOIL and breathed BREATH into his nostrils.

Q – So you are saying that Satan needs salvation? He isn't human but an angelic being.

God created angels and God created human beings. They are ALL “children of God.” Why shouldn’t angels “reap what they have sown” and eventually be saved as well? Is Satan smarter than God? Satan is a created being. He cannot do ANYTHING unless God allows it. Read Job, Chapters 1 and 2.

“ For I am convinced that neither death nor life, neither angels nor demons, neither the present nor the future, nor any powers, neither height nor depth,

nor anything else in all creation, will be able to separate us from the love of God that is in Christ Jesus our Lord.” – Romans 8:38–39.

Q – Dr Day , Why would God not rebuke Satan in this instance, as you said, since he is still God’s Child. Are all angels "children to God? Why does he rebuke Mankind and not angels?

Jesus (Michael, the archangel) DID rebuke Satan. Read the text (below). He just didn’t go ballistic on Satan (bring a “railing accusation against him.”)

⁹Yet Michael the archangel, when contending with the devil he disputed about the body of Moses, durst not bring against him a railing accusation, but said, The Lord rebuke thee.” Jude 1:9

Q – Lesson 88 – when God gives you the answer – don't keep asking.... how do we know that God gave us the answer and that it is not from our own thoughts?

You will know – – when you get to know the Lord better than you know any human being on earth.

Q – Dr Day, You have said that we will be saved from our sins vs in our sins in this life, when we let God work through us. I think you have said to perfect us. Are you saying that we can be perfected in this life, and not have to "reap what we sowed" in this life? If we are not perfected, is it because we have not given everything to God in this life?

We are perfected in this life BY reaping what we have sown, which is the only way we learn not to do it again.

Q – Can we reverse a visible inflamed joint over time and shrink it as though we never had arthritis at all?

All of my health information is on my website at www.drday.com

Q – If someone doesn’t have to go back to the second resurrection, because they learned their lesson before their death to trust God, then where do they go during the time orders are learning (again)? also, once the people are reaping what they sowed, how long do they live until? (Estimated) and then do they go back to God and leave their body again, the moment they learn or do they leave at different times, kind of like death now here on earth.

I'm sorry, I can't follow your question.

Q – Also do you have any references on the 15 days the elite will reign? (if that's in a specific verse).

The answer is in the New Truths Series: Book of Revelation series.

Q – Could Dr. Day give us a typical day in regards to food? What do the meals look like?

That's all in my book, "Getting Started on Getting Well." I put everything in my books and on my DVDs and CDs, because it would be impossible for me to tell each person individually.

Q – Maybe the last 30 minutes each week you could cover details of why no world leader even tries to stop the illuminati even tries to stop the plan for 6 Billion people to be killed and how such a small number of people can continue to steal 192 of 195 countries money and nobody even tries to arrest them and stop them of how there is Zero Covid and Zero symptoms

The answers are ALL in my new book, "The Deliberate Destruction of America and the World: Who's Doing it and Why."

Q – Dr. Day, when your father was still alive did he know about the Jews?

No. It wasn't the right time. His job apparently was to teach me to think for myself, to be a voracious reader, and to stand for the truth even if it cost me my life – so then I could learn who the real culprits are and what they're doing to the world.

My father knew about all the prophecies in Daniel and Revelation and about end-time "Babylon" and about the coming One World Government. But he didn't know who, precisely, would be running it.

Q – About the Holocaust: if nobody was gassed, how come we have all those terrifying pictures of piles of bodies?

It's all in my new book.

There were plenty of piles of dead bodies in Germany during World War II. WE – the Allies – the United States and Great Britain and Russia, were bombing

Germany into oblivion. Prove to me that the piles of bodies were dead Jews and not dead Germans!

Q – Dr Day What has happened to your website? I don't see the usual first page...

The first page of both of my websites were there this afternoon – on all of my office computers. And I just checked them again now, and they're both still there. Maybe it's your computer or browser.
