

## Week 7 Questions and Answers

Here are many of the questions raised but not answered during the live session.

Questions are in **BOLD**. Dr. Day's answers follow each question. Names are removed to protect privacy.

**Q – Dr Day. What are your thoughts on people who have been "cured" using conventional medicine?**

NO ONE has been “cured” using conventional medicine. The **ONLY** way a person can be cured is to Stop doing the things that have **CAUSED** the cancer.

**Q – Would you say that since they did not necessarily follow the 10–step plan that they are just in remission?**

Here is a perfect situation to illustrate what I said tonight. – – In whom do you believe? In God or man? God says that the **ONLY** way to be cured of disease is to follow God's laws, commandments and decrees.” Deut 7:11–15

Do **YOU** believe that “man” knows better than God? Just because a person has not had a recurrence of their cancer, either in the same place or in a different place in their body, that doesn't mean that they are not causing other types of “diseases” in other places in their body. **ALL** diseases are caused by the same factors: the way we live, think, act, eat, and handle stress. If that person's cancer doesn't return, they are just “brewing” a different disease in their body – it's just waiting to happen.

**Q – I know people who tell me there are many ways to heal.**

“People”? What “People”? Are you going to believe in random “people”?

Are those “people” smarter than God?

How many human bodies have those “people” created?

How many human bodies has God created?

Do you prefer to believe in “people” – rather than in God?

**Q – Most of them have worked on their stress and seemed to identify their stronghold. I still tell them to make sure they eat, live and handle stress God's way but most have been cancer-free for years?**

Again, it's YOUR choice – whether you choose to believe in God – or doctors! I prefer to believe in God and HIS Word!

**Q – What is Covid-19?**

Covid-19 doesn't exist, as I have said numerous times. The CDC admits that Covid-19 has NEVER been isolated. As I have said repeatedly, this is a totally HOAX scandemic being used as a “cover” to bring Communism into America – and the world.

**Q – What are the symptoms?**

There are NO symptoms for a supposed “virus” that does not exist. Please go to these two links on my website (and scroll down past the pictures on each link) and read all the information I have there. And I post new information almost every week – on Monday mornings.

<https://www.goodnewsaboutgod.com/dr-day-updates.htm>

<https://www.goodnewsaboutgod.com/topics.htm#politicaltruth>

With the information I post in those 2 areas each week, plus the information in my new book, you will know everything I know, and everything I learn in the future – about the totally FAKE “pandemic.”

**Q – I understand the government has inflated the death rate. But people are getting sick so what is it?**

Again, as I have said repeatedly, people are dying of ALL the same things they have been dying from for years and years: strokes, heart attacks, pulmonary disease, and every other disease that has been around for the last 100 years. They are just calling EVERYTHING Covid.

But in the future, please – everyone – go to those 2 links on my website, because ALL the information is there.

**Q – At the 2nd resurrection and the White Throne Judgement where does it say that the Unrighteous will reap what they have sewn and will be saved?**

There's not just ONE text. You have to study the whole Bible. ALL of this, with ALL the pertinent texts, can be found in my book, "Who Rewrote the Bible?" If I were to explain it all right here, I would have to write 28 pages – which is the length of the 3 chapters combined on that subject in my book.

**Q – Who else teaches Universal Restoration?**

God – in His Word – the Bible. Again, I go into this in great detail in my book, "Who Rewrote the Bible?"

**Q – What are your thoughts on psalms82, in reference to the device council and ha'shatan as a role?**

First of all, I assume you mean "divine council" rather than "device council."

And again, if you're going to ask me a question like that, you have to give me the specific texts you're talking about – including writing out the texts. Don't make me spend the time to look up the chapter, read it all, and then figure out what you want to know. A vague question, such as "What are your thoughts on. . ." is too broad for me to give you an answer. Again, you are asking me to figure out what you are thinking.

**Q – Dr Day. Why do you think that God did not make a commandment specifically mentioning God in human form, Jesus Christ and to believe him? Many of my Jewish friends say that he leaves that open so you can worship God of the old testament.**

God didn't make a commandment on "Forgiveness" either, or "Prayer" or "eating right." That's why God says we must "follow His LAWS, COMMANDMENTS, AND DECREES. That's why it's necessary to read the whole Bible.

**Q – Dr Day: How do you find "truth" in politics? I know we are supposed to expose evil and many people worship false prophets.**

The way one understands truth is to know God better than you know any human being on earth, and to obey God's laws, commandments, and decrees, and to study your Bible diligently, daily and systematically – – THEN, God will – over time – lead you into ALL Truth."

**Q – Dr Day: what exactly is the Book of Life?**

The "Book" of those who are saved. Eventually it will include everyone's name. But it is not a real "book." God doesn't need actual "books" to remember anything. He knows EVERYTHING!

**Q – Dr Day: You are speaking now of the pain you endured from your ordeal with Cancer. What about people that have never had that kind of pain? Would that mean that they are not in need to be remedially changed?**

Everyone will eventually have enough pain to cause them to CHANGE everything about their life – whether the pain is physical pain, emotional pain, or psychological pain. There is PLENTY of Pain coming, with the U.S. now being a Communist country.

**Q – Dr Day; You are talking about taking care of yourself health-wise. You mentioned Jesus used natural methods. Would that include Homeopathy?**

No. Homeopathy is NOT God's way. It is "man's" way.

**Q – Dr. Day, if you for instance if you break a leg or arm, how are we going to learn to do that? (if there's no medical attention.)**

Repeatedly I have said that TRAUMA is NOT "disease." I have NEVER said that a person should not seek treatment for TRAUMA.

God Promises to "heal All our DISEASES if we follow His laws, commandments and decrees." DISEASES are Caused by the way we live, think, act, eat, and

handle stress. DISEASES are vastly different from TRAUMA. Traumatic injuries are ACCIDENTS.

**Q – Dr Day; You mentioned politics and in your "latest postings" you mentioned many leaders are not getting the vaccine. You mentioned Angela Merkel. May I ask how you know she is not getting it. Is there documentation I can look up?**

The only documentation is that Angela Merkel said it publicly. That's good enough for me.

**Q – If the elites want to kill 6 billion people why would they because their lifestyle will go Way Down because they will not continue to get their favorite products because many people that have the knowledge to be pilots, build yachts, and their favorite restaurant chefs and fix their computers will be dead?**

All the answers are in my book, "The Deliberate Destruction of America and the World: Who's Doing it and Why."

**Q – Dr Day; I read your article on "What happens if you have taken the Covid test/vaccine. You say that you should start living, eating, acting and handling stress Gods' way. Since he is always with us and knows our hearts, would it not mean that he would understand if we took the test/vaccine out of ignorance or pressure from job/family?**

That excuse is not acceptable to God. What you're really saying is that it's not necessary to trust God. You are saying that God will give you a "free pass" NOT to trust Him. God won't do that.

**Q – Dr Day: you are talking about Perfection in this life. She is 97**

You don't say who you are talking about.

**Q – And she is perfect to me.**

But you aren't the "Judge" at the Great White Throne Judgment. Jesus Christ is, and His idea of "perfection" is much different from a human being's idea.

**Q – She believes in hell and worries about herself. Will the fact that she doesn't believe in Universal Restoration make her imperfect?**

The fact that she is not truly studying the Bible is what makes her imperfect.

**Q – Deuteronomy 6:9 “You shall write them (the commandments) on the doorpost of you house and on your gates.” Do you still think that it’s alright to put the Mezuzah on the doorpost, or is that spiritual too?**

God means that we should be speaking of God and His commandments in our home – NOT literally writing them on the door post. It doesn’t make ANYONE holy to have the 10 Commandments on the door jamb of one’s house.

**Q – Dr. Day, we are now Spiritual Christians? because first is physical and the second is Spiritual?**

I’m sorry. I don’t understand your question.

**Q – Dr. Day what is the gospel message? What is a simple way to explain it to a person who has no prior knowledge of Christianity?**

The word “gospel” literally means “Good News.” The “Good News” of the Gospel is that God is going to save everyone. But in order to actually believe that and embrace it, one must study the Bible regularly, diligently, and systematically.

Why does everyone always want a “simple way to explain” the huge DIVINE truths in the Bible?

Can YOU give me a “simple way” to explain EVERYTHING about what a doctor learns in his or her medical training? Obviously not.

Everyone needs to learn how to WORK – HARD at understanding the major truths of God’s word.

**Q – Dr Day: You are talking about an event that happened to you regarding Parnassus Heights. Did you hear an audible voice?**

Please listen again to the Seminar in order to hear what I said. I specifically said I did NOT hear an audible voice.

**Q– Dr. Day, if it will a cashless society what will we use a credit card?**

By its very definition, a credit card IS “Cashless.” When you use a credit card, you are NOT using Cash.

**Q – Why, Lilly, say "I understand"... "BUT". that's like saying "I understand but I don't."**

[From Lillian] I acknowledge what Dr. Day is saying and I understand what she means but, at a deeper level, I want to ask Dr. Day to go through the process of the mindset of, “why must we go through pain, if we will all be restored.”

**Q – Happy Birthday Dr Day**

Thanks to all of you for your Happy Birthday wishes. It’s good to be 84 and still above ground!

**Q – So are you saying that the Holocaust didn't happen?**

There were Concentration camps in Europe. But there were no gassings. They were work camps, NOT killing camps. ALL the information – AND the Documentation – is in my new book.

**Q – Dr. Day, What should a person do if they have to get a tooth extracted and that person doesn't want to deal with medicine but there is so much pain involved if you don't get the numbing shot and if the doc wants to give antibiotic for possible infection. What do you do?**

Pain medicine for a short time is fine for any severe injury or having a tooth pulled. But antibiotics are not necessary. God designed the body to heal itself. When you take an antibiotic, it wipes out ALL the good bacteria in your colon, bacteria that comprise 1/3 of your immune system. So, you actually make yourself MORE susceptible to infection.

**Q – Dr. Day, you mention about disease killing people, but I notice you never mention, or warn anyone about 5G and the dangers of it. What is your opinion regarding 5G?**

Are you suggesting that I should be covering every known hazard in the world during these seminars? The last time I checked, the Seminars are about “Fifty Lessons from the Exodus.” I have never been able to find any biblical mention of 5G during the Exodus from Egypt.

But since you asked, my answer is: 5G is harmful to the health of human beings, and it’s just another way for the Illuminati to make people more vulnerable to illness.
